**THE GDL FUND
DECLARES \$0.50 INITIAL QUARTERLY DIVIDEND FOR ITS
SERIES C CUMULATIVE PUTTABLE AND CALLABLE PREFERRED SHARES**

Rye, NY -- The Board of Trustees (the “Board”) of The GDL Fund (NYSE:GDL) (the “Fund”) declared a \$0.50 per share initial cash distribution payable on June 26, 2018 to Series C preferred shareholders of record on June 19, 2018.

The Series C Preferred will pay distributions quarterly at an annualized dividend rate of 4.00% of the \$50.00 per share liquidation preference of the Series C Preferred for the quarterly dividend periods ending on or prior to March 26, 2019 (“Year 1”). At least 30 days prior to the end of Year 1, the Fund’s Board of Trustees will determine and publicly announce a reset fixed dividend rate that will apply for the next eight quarterly dividend periods (“Year 2” and “Year 3”). At least 30 days prior to the end of Year 3, the Fund’s Board of Trustees will determine and publicly announce a reset fixed dividend rate that will apply for all remaining quarterly dividend periods prior to the mandatory redemption date for the Series C Preferred of March 26, 2025. Each reset dividend rate will be determined by the Fund’s Board of Trustees or a committee thereof in its sole discretion, and such rate will be not less than an annualized rate of 4.00% and not greater than an annualized rate of 6.00%.

The Series C Preferred may be put back to the Fund during the 30-day period prior to March 26, 2020 and March 26, 2022 at the liquidation preference of \$50.00 per share, plus any accumulated and unpaid dividends, and redeemed by the Fund, at its option, at the liquidation preference of \$50.00 per share, plus any accumulated and unpaid dividends, on March 26, 2021 or March 26, 2023.

The Series C Preferred Shares trade on the New York Stock Exchange under the symbol “GDL Pr C”, were issued on March 26, 2018 at \$50.00 per share. This initial distribution represents the dividend accumulation period from March 26, 2018 to June 26, 2018.

Part of the distribution may be treated as qualified dividend income for individuals, subject up to the maximum federal income tax rate, which is currently 20% in taxable accounts for individuals (or less depending on an individual’s tax bracket). In addition, certain U.S. shareholders who are individuals, estates or trusts and whose income exceeds certain

thresholds will be required to pay a 3.8% Medicare surcharge on their "net investment income", which includes dividends received from the Fund and capital gains from the sale or other disposition of shares of the Fund.

Short-term capital gains, qualified dividend income, and ordinary income, if any, will be allocated on a pro-rata basis to all distributions to preferred shareholders for the year. Long-term capital gains, if any, are paid on an annual basis. Based on the accounting records of the Fund currently available, the current distribution paid to preferred shareholders in 2018 would include approximately 24% from net investment income and 76% would be deemed a return of capital on a book basis. This does not represent information for tax reporting purposes. The estimated components of each distribution are updated and provided to shareholders of record in a notice accompanying the distribution and are available on our website (www.gabelli.com). The final determination of the sources of all distributions in 2018 will be made after year end and can vary from the quarterly estimates. All shareholders with taxable accounts will receive written notification regarding the components and tax treatment for all 2018 distributions in early 2019 via Form 1099-DIV.
